Counterfeit Tailoring Racketeer?

THIS is a fac-simile from a folder sent by an Eastern Clothing Factory to prospective agents over the West. **INSIDE INFORMATION** which you are not supposed to get. It throws some light on the subject.

SPECIAL ORDER TAILORING
MAKE as much as

60% PROFIT

60% is only the Agent's profit. In addition to this, 15% would be a modest allowance for the Factory's profit, or a total of 75% of the selling price representing profit. In other words the purchaser of a \$20 suit from the sham Tailoring Racketeer buys \$22.50 worth of profits and gets \$7.50 worth of material and workmanship.

SUIT STARTED TO TEST RADIO LICENSE LAW

Fee is Opposed on Grounds Set Receives, Not Conveys

WINDSOR, Ont., Jan. 13.—Continuing existing legislation does not permit, lawfully, imposition of a levy on the owner of a radio receiving set. Archie F. Gignac, solicitor for Sandwich West township, today started his fight against the federal radio license fee.

Magistrate W. A. Smith deferred his decision, expressing the opinion the decision may have a far-reaching effect and set a precedent. The defence claims the owner of a receiving set cannot "convey" messages while the prosecution alleges Privy Council ruling in an action in Quebec province against the Dominion decided "convey" included receiving. The defence argued the license was individual and not for the radio set, to which the court commented under such a decision every person in a house would require a license. A ruling from Ottawa is being sought on this point.

body murdered the husband. The wife and another, accused, were set free.

Now a baby boy is born to the dead man and to his wife. She is in the hospital. The baby is a "new type incubator," probably because it was born a little too soon. That might easily happen after what the unfortunate mother went through.

Stories will tell you all about it. An \$18,000,000 baby, weighing only five and a half pounds, almost six million dollars to the pound, living in an incubator, fed a few drops at a time through the nose, is an interesting feature of modern civilization.

HERE or abroad risk is the strong argument. American students at the University of Vienna were victims of offensive revolution. The American minister complained, with little effect, how somebody discovered that foreign students paid \$125,000 a year, more than the Austrian students spend, and that has caused a change in the attitude toward American students.

American doctors, finishing their term in Vienna, spend a half million dollars there yearly.

American students and doctors would return from foreign countries, they would find better universities and better medical schools here, and have the satisfaction of spending their money in the United States, where they expect to make their money hereafter.

Friends of the "Buy American" movement who hope in spending every good citizen to use no foreign article which can be made within twelve, or ten, or even five, miles of their homes without regard to difference in price, secure an against a rather low foreign dependency.

THE U. S. government is now silent about an embargo on shipment of arms to foreign countries. "Our contribution to peace," say the gentlemen, "should be absolute refusal to ship weapons to any war or contemplating war."

That sounds pretty good. But if U. S. doesn't sell weapons, somebody else will. And it refers to let those that manufacture weapons dispose of them abroad in peace time, how can it have factories to supply arms to people in war time?

Why not let Britain and adopt for slogan, "Business as Usual?" The late Lord Beaverbrook, owner of the London Express, asked whether the London Express would sell guns to the United States. "Of course, we sell to anybody, even to the United States," he said. "I want them, and large lots for holding."

Outbreak Of Foot And Mouth Disease Sweeping England

LONDON, Jan. 13.—Nearly all of England has been affected by a big outbreak of foot and mouth disease which has appeared in 12 midlands and southern counties.

A standard order has been imposed by the ministry of agriculture as a precautionary warning. All stock is to be kept in the pens except those licensed by local authorities for immediate slaughter.

The ministry announced it believed the outbreak had been caused by a shipment of infected cattle from the south.

Peace River Pioneer Settler Succumbs

PEACE RIVER, Jan. 13.—Francis Robble, 78 years of age, passed away in the local hospital after a short illness. The late Mr. Robble was one of the pioneer settlers of the district having arrived here over the train 20 years ago from Fox Warren, Manitoba, although well-known it remained for his demise to show how little was actually known of him after his long residence here and it was not until after he was located in hospital that his cabin on the Peace River was found to be in the district.

HOTELMAN WINS LIQUOR APPEAL

DRUMHELLER, Alta., Jan. 13.—Convicted on a charge of illegal sale, Joseph Campbell, at the time of his conviction, proprietor of the Midland hotel, Midlandville, was an appeal Wednesday in district court before Judge A. M. MacDonald at the court house in Drumheller. The conviction, which was quashed, carried a fine of \$100.

A similar appeal, however, filed by Mrs. Lynn Campbell was dismissed by His Honor. An appeal by the Crown against the dismissal of a charge of illegal consumption of liquor brought against Joseph Campbell was withdrawn without argument being presented. J. W. McChung, of the attorney general's department appeared for the Crown while F. C. Meyer was for Mr. and Mrs. Campbell. The appeal arose out of a raid made by constables of the R.C.M.P. in October last.

During the ensuing years the flower's feeling cooled considerably, so that on arrival on January 13, 1932, at Miss Hoy's home, he neglected to kiss her as he had been accustomed to do.

Words followed and Blain left after declaring their friendship over.

STORM HOLDS NORTH PLANES

PEACE RIVER, Jan. 13.—The weather took a decided moderate turn Wednesday morning with indications of a Chinook and light westerly breeze. The Canadian Airways plane scheduled to take off in holding over temporarily on reports of a storm in the Fort Vermilion area. J. Bartlemann, district manager of the Hudson's Bay Co., will be passenger.

Work of clearing off the flat roads is getting work to quite a number of men. The winter's accumulation of about two feet is beginning to weigh too heavily and if left on the roads would create a hazard with the advent of a heavy Chinook. Large banks of snow on the streets bring the realization that an enormous snowfall has already occurred. The Hudson's Bay Company, which has been a plague of rabbits in the Peace River country for a season, is now finding their traps stowed away or containing rabbits. Up to the present rabbits have been almost a sore menace to the indications of cats now manifesting their rabid ways have left off the means for the harder work of wading snow after big game.

Three Jackson Brothers Announce Their Retirement In Business World

Pioneers in Jewelry Line Will Abandon That Field

After being in business in this city for 26 years, Joseph H. Jackson, W. J. Jackson and Harry A. Jackson, the three brothers forming the nationally known jewelry firm of Jackson Brothers, on Friday announced their retirement from that business.

They had no announcement to make regarding the future.

For many years the name of Jackson Brothers has come to be recognized as insuring customers the finest and most efficient jewelry line.

The history of the firm has been one of continued progress and expansion and some of the jewelers' craftsmanship, turned out in the workshop of the firm, stands with the finest ever manufactured in the Dominion.

Benjamin Franklin, the three brothers, at an early age, manifested a deep interest in the jewelry business.

They served their apprenticeship and for several years thereafter were connected with the Toronto jewelry firm of J. W. Ellis, at that time the largest and most widely known jewelry firm in the Dominion.

LIBERALS WILL MEET JAN. 23

Members of the Edmonton Provincial Liberal Association will meet at a joint meeting of all Liberal organizations in this city, held on Thursday evening at the Young Liberals club room, McLeod building.

At Thursday's meeting, main discussion revolved around the feasibility of forming a Liberal Federation in this city.

In the result, it was decided that, as the question of redistribution had not yet been settled, the subject should be tabled.

After considerable discussion, it was recommended that "a vote be laid before the annual meeting, a proposal to form a central committee consisting of the president and secretary of each individual Liberal organization in the city to act as a clearing house for matters pertaining to the general interest of the party."

Nelson Buchanan, first vice-president of the Edmonton association, and G. R. Grieve acted as secretary.

WEEK-END SPECIAL THE AMERICAN

FORMER PEG STARS DEFEAT OTTAWA W CLUB

Joe Simpson's Brigade CANUCK RING STAGES TYPICAL "Manitoba Night"

OTTAWA, Jan. 13.—It was "Worshiping night" at the audience here last night when New York Americans jumped into undisputed control of second place in the Canadian section of the National Hockey League, taking a 5-2 decision over Ottawa Senators.

The Senators might have had a chance if Winnipeg-based players had been eliminated from New York's spangled line-up. The Will Starr and Dick Jackson, Manitobans who are still rookies in the league, were the only Senators to play in the game.

Joe Simpson's Brigade, which staged a typical "Manitoba Night" in the second period, and Starr, one of the fastest skaters Ottawa fans have seen this year, drove home two goals in the third.

To make it unanimous for Winnipeg veterans, New York's line counted for the other New York tally. Ralph McIvor, Jack MacGillivray, and George McLean, all of the Red Wings, scored in the second period.

Speaking of a battle, there promises to be all of that—in a hockey game. The Senators, who have been reported as being "thrilled" by the night, but any of them that like a good fight probably from more than their own's, went in thrills out of the exhibition.

It was the second night in succession that the Senators were in the center of the action. In the first game, they produced a great combination of the "Manitoba Night" style, and it was in this that is indicated in the money table.

The report of the London game states that the Senators were again in the "Manitoba Night" style, and it was in this that is indicated in the money table.
